About me

Hello, I am Amay Gawas, 21 years old, I've a bachelor's degree in Computer Science. While completing my studies I have also strived to further expand my skillset which includes Designing, video Editing and marketing. I am a person who doesn't stop until the work has been fully completed or I have got the results which I have expected. I understand the expectation of the customer and try to make their vision a reality.
